## CHANNELING:

# Voices from Other Worlds

Where do the beings that speak through channels come from?

Do they come from other dimensions — or from deep within ourselves?

By Craig Lee

### Part III

**T**HE METAPHYSICAL craze of the 1980's is channeling, in which "entities" speak through persons in trance and teach that love is the answer, each of us creates his own reality and the earth is soon to undergo radical changes. Margo Chandley, who has studied 50 channelers while doing research for her Ph.D. in transformational psychology, believes that channeling is related to an energy known in yogic tradition as kundalini. She says that increasingly channelers no longer need to go into altered states of consciousness for this energy to come through. In time the entities and the individuals through whom they speak will be one "integrated being."

**T**HE CHANNELING movement grows and grows. You can go to Susan Levin's Wednesday night "Channeling Connection" meetings in West Los Angeles and see a different channel each week. Then on weekends Levin offers "Consciousness Connection" — part lecture,

part metaphysical singles group. Levin and Margot Chandley have begun producing a channeling show for cable TV.

Meanwhile, many local channelers can be read in a periodical called *Spirit Speaks*, put out by a jovial woman named Molli Nickell. After Nickell and her husband's business venture went under a few years ago, they read the Seth materials. Their daughter then took them to meet William Rainan and Dr. Peebles. They were hooked.

Nickell sells some 2000 copies of *Spirit Speaks* a month, primarily through subscriptions and metaphysical bookstores such as the Bodhi Tree in West Hollywood. She never advertises but the demand is increasing steadily for the magazine, which takes an interesting approach — a common topic is chosen and different "entities" express their thoughts on that topic.

"We have three principles that we work with in looking for material," Nickell states. "One, allowance —

## SIDA

the loving law of allowance for things to be in their own time and place; two, increased communication with respect for all life; three, self-responsibility for how you perceive reality."

Nickell recently published a *Spirit Speaks* volume on AIDS. In it the various entities describe AIDS not as a disease but as something created out of social conditions. "There are no incurable diseases. Only incurable people," says one of the entities. "You can't take AIDS and make it a separate issue," Nickell says. "So this book became a sort of metaphysical primer."

What kind of people does Nickell think are attracted to channeling and New Age metaphysics?

"I have a theory. I believe that people on a worldwide level are becoming aware that the earth is imperiled. That, for the first time any of us can ever remember, we have the opportunity of killing our mother. The earth is a living entity, a hostess, a place for us to live and experience and go through incarnations. People have the sense of 'My God, what can I do?' The institutions, the governments, the things that used to work to protect us, they don't seem to be working anymore. So where can you go if you can't go out and find the answer? There's only one place you can look — inside. When people start to look for answers inside themselves, they get in touch with their own infinity-

ess. They find out they really are a piece of God and that they are here to experience — and as they change, everyone around them changes. Channeling is nothing new. It's been going on for years. In the early Bible the prophets were channeling."

\* \* \*  
**M**ICHAEL HUGHES hasn't been channeling quite that long, but he's had a bit more preparatory intellectual experience than most of the new breed of channelers. Hughes, who currently lives in West Hollywood, studied metaphysics for 40 years and has a Ph.D. in philosophy. He might seem a natural to cash in on the latest metaphysical trend, and although during the late '60s and early '70s he channeled an entity called John — a "Brother of the Sano-Tarot" — he's become scornful of the practice. "Most of these people are just into demonstrating and I find this kind of demonstrating to be an act of ill faith."

Hughes seems to be what Chandley considers an integrated being. When asked to, he brings forth a Mayan entity in a scary vocal display, translating the Mayan's babble into English but remaining fully conscious while doing so. Hughes claims a linguist who studied the sounds attested to their Mayan authenticity but he's less concerned with the process than the person performing it.

"There's only one interjection," Hughes notes, meaning one inter-

as one test is faced and conquered, so another one will present itself. It is, to use a medical analogy, the same disease appearing in a different form. Look at what is happening today. By taking a course of antibiotics you may suppress a particular illness but in spite of, or shall we say because of, that treatment the weakness, the illness, is still present and will manifest in some other way, in some other form, at a later stage.

Q: You have said that Humanity will be afflicted by a disease coming from the Animal Kingdom, one that will be more destructive than a hydrogen bomb. Can you say anything more about that?

ZT: I have said that a disease originating in the Animal Kingdom would be passed on to Humanity and would cause much suffering and death. This disease has been created by Humanity's misuse of the Animal Kingdom. The disease which you call AIDS did indeed originate in the Animal Kingdom but it is only a precursor of a greater disease which will afflict the whole planet. AIDS is but a warning to Humanity to show it what lies ahead and to demonstrate that a disease can arise at very short notice over which Humanity has no control whatsoever. It should serve as a warning to Humanity that only right behaviour towards the physical body can prevent one from being afflicted by such an illness or disease.

Q: Are you saying that it is possible for human beings to achieve such perfection right now and so be able to resist all illness? If so can you say something about how we may bring this about?

ZT: I would qualify your statement by saying that once the individual has grown to an understanding of the true nature of his or her body and the true nature of illness then that being can, and should, live in perfect harmony. The trouble with your society today is that children are not taught about their bodies or right relationships with them and are not made aware of their responsibilities in this matter. Indeed, if anything, they are taught the opposite; namely, that they should rely on drugs and surgery to maintain good health. They are not taught of the importance and significance of correct eating, correct exercise, correct breathing or correct living and so inevitably they will suffer from illness and

experienced a cycle of patriarchal evolution where Man, the controller of government, of religion, of medicine, of every human endeavour and Man, a being of intellect and wisdom, has tended to impose his intellect on every human activity. Humanity today has to redress the balance that is why we are now seeing the re-emergence of the female aspect, the re-emergence of Wisdom to balance the Power of the male. That is the source of what you call Woman's Liberation.

It is to be regretted that many in this movement today are trying to establish the female aspect of Creation in a masculine way.

Q: The Master spoke of plagues. In America and in other major cities of the World there is a disease called AIDS. Can you comment on this?

ZT: AIDS is the first of the seven plagues from which Humanity will suffer. It comes about basically because of Humanity's misuse of the Animal Kingdom. The source of AIDS is the Animal Kingdom. The disease began in animals and was transmitted to humans. Now you must understand that the purpose of disease is not to punish: it is to bring about transformation. Disease is a great tool of evolution and all disease should be seen in this way. AIDS, of course, is a disease which is usually transmitted sexually. The greatest disease of the Human Race today is its abuse of sexuality. With AIDS, therefore, you have a disease which demands sexual responsibility. AIDS can be likened to a genetic timebomb, because ultimately only the pure in body, mind and spirit will survive it. This is indeed the beginning of the sorting of the wheat from the chaff.

Q: When you speak of disease and of sorting the wheat from the chaff I find that very emotive because it is often those who are the poorest and the weakest in our society that are the most prone to disease. Does that mean that those who die from malnutrition or disease are the chaff, and who decides who is the wheat and who is the chaff anyway?

ZT: You are associating chaff with illness and disease. That is wrong. Because a person is ill, because a person is deformed, because a person is starving, that does not mean that they are chaff. Indeed, sometimes, you can have a very great soul in a deformed body. Remember that the lessons of disease are learnt as much by

fear and integrate it within your being. That will be better than any antidote you could possibly take.

### AIDS' Origin

*In a more earthly question, who's responsible for introducing AIDS into the physical?*

Well, back then it was some of the extraterrestrial groups involved in the warring. But in the present we would say it was the researchers.

*On purpose or accidentally?*

They discovered it on purpose, all right, because researchers will play — meaning they were looking for something. To be somewhat vague about it, certain forces got hold of the information from the researchers, and used it for their own purposes.

*Is it true that the Navy Department or Army has used it by injection? There is a theory that it has been injected in mass inoculations.*

We would say it is not so identifiable as the military. We are talking about very covert shadow groups.

*Was it used as a hepatitis vaccine and then introduced in that form?*

Prior to that it was introduced in another way as well.

*Would you suggest a college-age student should engage in sexual activities without concern?*

### Personal Belief System the Critical Factor

There's a difference between discretion and fear. In a sense, fear will draw to you that which you fear. Discretion is common sense, and common sense says that whatever you want to engage in in your life you take full responsibility for. You take all options and all precautions, if there are any. We would certainly not say to someone, "Oh, go have activities with anyone you want because it's only a belief system." If you don't really know what your belief system is, then you are going down a dark hole with the lights off. There's nothing wrong with discretion and precaution. But if you take action out of fear, you would serve yourself more by first addressing the fear rather than the thing you fear, and transforming it. Then everything else will transform with it. Do you follow what we mean?

*So you are saying that if an individual, through acceptance of their own vulnerability and spiritual makeup, is convinced that they are not vulnerable and have no fear of the AIDS virus, then they are really invulnerable to it?*

Yes.

*They just wouldn't draw those people to them, right?*

Exactly.

*It's not that they're invulnerable; it's that they wouldn't draw those people to them.*

Exactly, yes.

*It changes the idea that AIDS is only transferred through sexual intercourse; babies are getting it.*

The thing is, if you are going to get it, you're going to get it even from a toilet seat (if you get the drift of what we are saying). Protecting yourself by wearing a mask every time you go outside is not going to do it. Wearing a condom is not going to do it.

*Are you talking about general fear (because you can have fears in many directions)?*

It's the fear of your own vulnerability, the fear that someone or something can get you. If that fear rules your life, you are a prime target.

*Aren't you also a prime target if you are sure you are invulnerable? Might you not attract something like that just to show you that "no, you are not"?*

If your feeling of invulnerability is grandiose and covers up a feeling of insecurity, yes. If you're feeling invulnerable, but it's a misaligned invulnerability, then you're only covering something else up.

What it comes down to (so that you don't have to figure out "Well, do I really feel invulnerable?") is taking each experience as it comes. Be aware of why and when you draw things into your life. And make decisions with discretion, which is all you really can do in your life — the middle ground, the ground that will bring you joy and excitement and growth.

### Holistic Healing of AIDS

*My ex-nutritionists got their first AIDS patient, who was dying and wanted to try their particular diet, which is all raw foods. But he's had lots of past illnesses and was full of medication. The diet constructed for him, strangely enough, was a lot of raw meat, fertile eggs, honey and oranges. He said it was delicious, but getting rid of toxins was so hard on him that after a bowel movement he couldn't drag himself out of the bathroom. He said everything came out green. So it was working, it was taking care of it. But he was so far gone and so weak that he just decided to give it all up and check himself into a hospital. He knew the minute he did that he was a dead person. The nutritionists learned that kind of a process would work to cleanse and rebuild, although there was no way the patient could really follow it through to its final conclusion.*

There have been many cases, not isolated, of holistic healing of AIDS, but you're not hearing about them. The reason you're not hearing about this is obvious if you think about it; chaos would occur in the restructuring of your medical associations.

*That would kick over a lot of pedestals.*

Medical pedestals. Thank you.

LLAMADA TELEFONICA DE JORGE BARRENECHEA, EL LUNES 4 MAYO 1987

Nº 356

SU NUEVA DIRECCION: Goya, 57 (4ª Izda.), 28001-MADRID, (91)-431-16-88.

RECEPCION DEL ULTIMO INFORME DE UMMO SOBRE EL ALMA COLECTIVA: Fue recibido en Barcelona por Rafael Ferris hacia el 19 Marzo 1987.

ALARMA POR LA DISTRIBUCION DE ESTE INFORME : Como es bien sabido -y padecido- por sus lectores, este documento está escandalosamente mal redactado y peor mecanografiado y puntuado, llegando en este sentido hasta límites indignantes: su contenido resulta confuso, contradictorio y casi ininteligible; ni un oligofrénico lo escribiría peor, lo que nos hace sospechar que deliberadamente han echado mano de un analfabato o poco menos para su confección, para cumplir la "Ley del Elusiveness", es decir, para aminorar su impacto social, restarle credibilidad popular y que no sea tomado en consideración por la gran mayoría de sus lectores. Por tal motivo Antonio Moya se ha tomado la trabajera de "traducir" al castellano esta larguísima y catastrófica carta, depurando sus muy numerosos errores y reescribiéndola en limpio, con lo que la ha convertido en unos papeles presentables, y que al menos se entienden un poco más. Con el fin de que su contenido sea mejor conocido por la "creme" de los ummólogos madrileños, envié una fotocopia de la transcripción de Antonio Moya a Juan Domínguez Montes, por si él consideraba oportuno redistribuir la entre los miembros del "Grupo UMMO" de Madrid. Al mismo tiempo remití una segunda fotocopia a Juan José Benítez, por figurar su nombre en la lista final de receptores del informe pergeñada por los propios ummitas, para que Juanjo se enterase por lo menos de algo de lo que habían querido comunicarnos nuestros hermanos y chapuceros lingüistas del astro tan frío UMMO. Con estos dos envíos no se violaban las recomendaciones de los cosmihermanos ummoides de no distribuir copias del tan mentado galimatías de 26 páginas, toda vez que Domínguez y Benítez ya estaban en poder del farragoso original, y al entregarles la reconstrucción de Moya tan sólo les ayudábamos a que supiesen lo que querían decir esas líneas negrocarbonadas impresas por un instrumento mecánico de grafoproducción en 25 más una láminas blanqueadas de pasta de celulosa de microespesor terrestre. Pues bien, el amigo Jorge Barrenechea telefonó anoche al matrimonio Moya, advirtiéndoles que de ninguna manera se repartiesen copias del famoso y desafortunado informe, ya que, de hacerlo así, nuestros respetuosísimos hermanos de 14 años-luz de edad cronometrocósmica suspenderían, durante varios años, el envío de otros anunciados informes futuros, que esperamos nos vengan dactilografiados en cristiano, UMMOWOIA lo quiera. En la mañana de hoy día 4 Jorge se ha manifestado en el mismo sentido conmigo.

SU COMIDA CON JUANJO BENITEZ: Creo que tuvo lugar anteayer en Madrid. J.J. le dijo que el informe original (la moyatraducción todavía no la había recibido) le parecía muy malo, que no se entendía nada, y que todo le parecía poco serio.

LLAMADAS TELEFONICAS: Un pretendido ummita, con la clásica perturbada fonación de un oemil que se estuviera ahogando, lo ha llamado por teléfono 7 veces desde el 11 de Marzo al 10 de Abril de este año, habiendo durado en total estas conversaciones unas cinco horas, de cuyo contenido Jorge conserva una reseña escrita a mano, que según me ha dicho algún día daré a conocer. El tema de los diálogos ha sido muy variado, siendo algunos de los asuntos tratados "muy delicados", y predominando los problemas sociales y políticos que actualmente aquejan al astro Tierra frío pero en rápido y satánico recalentamiento. Jorge no ha contado casi nada de

LLAMADA TELEFONICA A ALICANTE: Tuvo lugar hace pocas semanas. Un supuesto ummita estuvo conversando durante una hora con Luis Jiménez Marhuenda. A este hermano le dolía ese día la cabeza, y por tal motivo no se prolongó por más tiempo la conversación. Ignoramos el contenido de la misma. Por cierto que, tratándose de hermanos, echamos de menos una transferencia fraternal de la información. Como es natural nos interesa mucho saber qué es lo que un habitante del planeta UMMO ha comunicado a lo largo de 60 minutos, y es lógico que esperaríamos que el receptor de la llamada distribuyera un papel sobre el contenido de la misma entre sus más allegados hermanos y compañeros ummófilos, en lugar de guardarlo en su cajón privado para los restos, porque total ya nos enteraremos de lo que le han dicho en el Juicio Final. Semejante atesoramiento de tan anhelada información sería calificado por los propios ummitas como abusiva, antidemocrática e intolerablemente egoísta.

PSICOSIS DESTRUCTIVA DEL PERITO MERCANTIL: El Mecanógrafo de los informes de UMMO fue investigado por la policía de Arias Navarro en las postrimerías del franquismo. Asustados por este motivo él y su mujer destruyeron unos 250 folios de textos originales ummitas, mediante su rápida oxidación de elevado contenido térmico, provocada por el súbito efecto de una calculada y repetida frotación de la sensible cabeza de un apéndice cerocelulósico expendido por Tabacalera Company.

BATERIA DE PREGUNTAS: Jorge Barrenechea tiene preparadas unas 117 preguntas dirigidas a los ummitas, formuladas por él mismo y por otros ummólogos, y que su cósmico interlocutor telefónico le prometió responder. Este ummita le aseguró que antes del 17 de Abril mandaría a recoger las preguntas al domicilio de Jorge, cosa que no ha hecho, por lo que las tan esperadas respuestas habrán de esperar a que los hermanos de UMMO, como sabemos siempre tan cuidadosos con la ética, cumplan su promesa.

DESTINO TRANSDIMENSIONAL DE LOS AVATARES PLANETARIOS: Tanto su UMMOWOIA como nuestro Jesucristo, al llegar el momento de sus respectivas transiciones ("muertes"), fueron transferidos a otro universo.

ORIGEN DEL SIDA: Tuvo lugar por un virus desarrollado en un laboratorio de guerra bacteriológica situado en el estado de Ohio. Se tomó la decisión de inocular este virus con fines experimentales a una serie de simios preparados para ello. Por determinados motivos técnicos esta partida de primates no se encontraba en el territorio de los Estados Unidos, sino que se mantenía a buen recaudo en un país de Africa Central. Debido a la fuerte intoxicación etílica de uno de los encargados de la vigilancia de los animales, uno de los monos inoculados se escapó, y posteriormente transmitió la enfermedad. Así se originó la nueva peste del siglo XX.

SU INTERLOCUTOR TELEFONICO: Jorge ha comentado que el ummita de las siete llamadas era sin duda alguna un personaje de gran talla. Respondía instantáneamente y sin vacilaciones a las preguntas del más profundo y complejo contenido científico o filosófico, demostrando por sus respuestas unos asombrosos conocimientos de las más variadas materias, así como una notable profundidad, inteligencia y sabiduría en sus prolongados comentarios. Terrestre, ummita o lo que fuera, el caso es que el caballero telefónico puso de relieve con sus verbalizaciones que era de armas tomar en lo que se refiere al saber. ¿Y qué sabio despilfarró cinco horas en dar bromas sin sentido por teléfono? ¿Dónde ha aprendido esto? Y, sobre todo,

REC. #1 SANANDA

TUESDAY, OCTOBER 24, 1989 6:58 A.M. YEAR 3, DAY 069

TO THE BROTHERHOOD OF MAN. LET HIM WHO HAS EYES TO SEE--SEE! AND, HIM WHO HAS EARS TO HEAR--HEAR! THESE WORDS WHICH NOW COME FORTH ARE PORTIONS OF THE 'WORD' PROMISED UNTO YOU ONES OF EARTH HUMAN. THESE MESSAGES ARE GIVEN THAT ONES CAN CHECK WITHIN YOUR OWN REALMS, THE TRUTH THEREOF. WE ARE DEDICATED TO THE BROTHERHOOD OF MAN. YOU ONES LIMIT CREATOR AND LIMIT THE CREATION, BOTH OF WHICH HAVE NO LIMITS. JUST AS YOUR PROPHETS HAVE FORETOLD THAT A THIRD OF EARTH MAN WILL FALL TO THE PLAGUES; SO, FURTHER, IT MUST ALSO MEAN THAT TWO THIRDS SHALL BE GIVEN WHEREWITHAL TO SURVIVE--BUT YE SHALL DO OF IT YOURSELVES! THE WAY IS BEING SHOWN UNTO YOU.

I SAID UNTO YOU ALMOST TWO MILLENNIUM PAST, THAT THERE WOULD BE TERRORS, AND THERE WOULD BE GREAT SIGNS FROM THE HEAVENS. WHAT DOES THE TERM "SIGN" MEAN UNTO YOU? THE GREEK ORIGIN OF THE WORD "SIGN" MEANS A SUPERNATURAL PHENOMENON INTENDED TO POINT ITS OBSERVER TO A PROFOUND TRUTH.

WHY DO YOU ACCEPT MAN'S PRONOUNCEMENT THAT THOSE COMING FROM THE HEAVENS ARE DEMONIC? IS THIS NOT THAT WHICH THE EVIL ELEMENTS WOULD WISH YOU TO BELIEVE THAT YOU WOULD TURN UNTO THEM AND AWAY FROM GOD?

WOE BE UNTO MAN WHO CONTINUES IN HIS FALSE BELIEF AND TURNS HIS COUNTENANCE AWAY FROM GOD, FOR IN THE LATENESS OF THE HOUR HE WILL HAVE TURNED AWAY HIS TRANSPORTATION TO TRAVERSE THE HEAVENS AND BE DELIVERED UNTO THE SAFETY OF THE FATHER'S PLACES.

NO MAN SHALL BE NAGGED, FORCED, NOR SNATCHED UNTO ANYWHERE; MAN WILL ASK TO BE INCLUDED AND TURN FROM HIS EVIL WAYS, FOR NO EVIL SHALL BE BROUGHT INTO THE RADIANCE OF THE CREATOR'S CITIES. IT IS TIME, EARTH BROTHER, TO GAIN OF YOUR DIRECTIONS AND HEED THE CLARION CALL OF THESE ONES WHO GIFT YOU WITH TRUTH; FOR YOU HAVE SLEPT LONG AND EVIL HAS WARPED YOUR ABILITY TO PERCEIVE CORRECTLY WITH WISDOM. YOU CONTINUE TO CLING TO THE FOOLISHNESS OF THE 'LIE' GIVEN FORTH TO TERRORIZE AND TO HOLD YOU HELPLESS IN FEAR.

THE TEACHINGS OF THOSE "RELIGIOUS" ONES WHO BRING THIS UNTRUTH UNTO YOU ARE LEADING YOU INTO THE PATH OF TOTAL ERROR. YOUR PLACES OF SAFETY ARE PREPARED AS WAS PROMISED, THY SHIPS OF EAGLES ARE GATHERED---HOW MANY OF YOU WILL HAVE "PURCHASED" YOUR TICKETS TO THE WRONG DESTINATION? SO BE IT AND SELAH, FOR THE TIME OF TRANSITION IS AT HAND, THE CLARION TRUMPET HAS SOUNDED. WHO WILL HEAR THE FINAL CALL? THOSE WHO HAVE COME IN CREATOR'S

## CHAPTER 12

REC. #2, ASHTAR

TUESDAY, OCTOBER 17, 1989 5:15 P.M. YEAR 3, DAY 062

### 5:04 P.M.: EARTHQUAKE IN SAN FRANCISCO

Yes, Dharma, Ashtar present. Let us not comment too greatly on the earthquake; I do request you keep close watch for within the past week you have had heavy quakes off of Alaska and Japan--it means the earth is in increased pressure around the plates. We don't seem to be able to urge you severely enough to get your attention--when those plates really slip it is going to be something beyond your belief and very few take action or plan for survival modes. So be it. It is not evacuation time yet so if ones expect to be doodled up into dandy space ships--it is premature planning! This subject has been covered most carefully and explicitly by Commander Hatonn--some of you really like to live on the edge--well, along that coastline is going to be a very big, deep edge any day now. Rest well and pray a lot, you who dwell on the brink. Further, any slippage on any major intersecting faultline can tip it all.

ROYAL R. RIFE

Back to our subject of AIDS and other retroviruses.

Royal Rife's work clearly demonstrated specific frequencies associated with particular viruses and disease organisms. In addition, his universal microscope, using evanescent waves, or waves with only hyperdimensional components, had no wave length limitations on its resolution. Consequently, it could see directly into the virtuous state past the limit of the photon. Indeed, it could not only see the exceedingly small point cells that lie between ordinary cells and are just barely visible to the "best" orthodox light microscope, but it allowed visualization of some sixteen internested, deeper and smaller levels of structures within the point cell. Nothing before or since has achieved such a penetration. There are two or three of these scopes around that can be brought into repair.

Using this microscope he could see virtual state energy forces functioning and moving. The biology his microscope revealed was far beyond the state of biology today. It was unorthodox in conception and presented a great threat to your orthodox medical and scientific communities. If you are going to create and spread an incurable disease to fit your purposes you most certainly do not desire the cure to get there prior to the infection. Oh yes, that is exactly what occurred, little dreamers.

With his scope, Rife could not only "see" the little varmint but he learned to manipulate and control the living internal structure of living electricity. Now please refer to the Nobel prize this past week for the ability to isolate a single unit of electricity and stabilize it. Honors be to that one. Learn what you can from that researcher---you are going to find that electricity units are living structures.

Since interested levels of virtual state are also "higher" spaces, or hyperdimensional, Rife's microscope was the first and only instrument to allow vision directly into higher dimensions and observe the higher dimensional living forms.

In Rife's time such a thing was unthinkable to medical science, yet today with substantial evanescent wave technology already utilized in wave guides and with a well developed body of evanescent wave theory, you could prove that Rife's microscope was capable of doing precisely what he and other scientists reported. But what happens? It is further hidden to cover the lack of interest and ridicule of the past actions. Perhaps nothing in history ever changes except the names and places.

It is important to note here for the less sophisticated reader: "evanescent" means to dissipate like vapor--tending to vanish like a vapor.

Before I go further I will return to the phase conjugate waves and phase conjugate replicas of ordinary waves and signals. I have a tendency to move too rapidly even for my secretary and I apologize, Dharma.

Included in those exceedingly complex modulations and spectrums, every cell has a complicated electromagnetic radiation spectrum. An abnormal cell has an abnormal change to that spectrum. If you subtract the normal cell spectrum from the abnormal cell spectrum you have a specific delta that then, introduced into a normal cell, will convert that kind of abnormal cell.

When you have such a single pattern for cancer conversion, for example, you can irradiate a normal cell with it and turn that cell into a cancer cell. However, suppose you phase conjugate that cancer conversion single pattern. The phase conjugate replica will be the pattern that precisely converts that sort of cancer cell back to a normal status. With phase conjugate replicas of cancer cells specific delta frequencies are fed into the cells of a body having that cancer, the cancer cell's master cellular control system will modulate with these time reverse specific signals. That will return the cancer cells within the body to the proper master cellular control system of the animal.

Thusly, the cancerous cells will be immediately destroyed or re-verted back to a normal cell. A very similar process exists for just about every disease bacteria and infectious agent, including the viruses of AIDS. As a matter of fact, the viruses are more easily disrupted due to their crystalline formation.

In the Soviet Union it has been proven that any cellular death and disease pattern can be induced by a specific pattern carried on an electromagnetic signal. If the target cells are bombarded with the pattern carrying carrier signals for enough length of time.

In Australia these experiments have been fully replicated and extended. These documents should be easily obtained, say by Cathie of New Zealand, and nab onto the researchers. In Australia they have induced cellular death and diseases between cell cultures at a distance of over a hundred feet--a most convenient distance indeed. Unfortunately, these experiments--thousands of them, were done in military institutes; but I see no particular problem in obtaining them.

Scientists in West Germany have also replicated these cellular experiments. However, the important missing link is that these experiments have some unpublished data to be gathered; that portion was the corresponding Soviet work showing electromagnetic REVERSAL of cellular death and diseases conditioned by irradiation by phase conjugate replicas of the pattern carrying induction signal. Briefly: If an action in forward time induces a condition then the time reversal of that action will reverse the condition. (YOU SEE, YOU ARE DEALING IN HIGHER DIMENSIONS WHERE THERE IS NO SUCH THING AS TIME AND SPACE!) The concept is so laughably simple that it eludes you ones. The time reversal of an electromagnetic disease process is a specific electromagnetic healing process for that particular dis-ease.

This is exactly the technique under intense research by the group mentioned by Commander Hatonn in preceding discussion in this book. You can develop a cure for AIDS along with a cure for cancers, leukemias and just about every other disease known to man--you can even clear those blocked passages in the circulatory system.

#### A BIT ABOUT PRIORE'S EQUIPMENT

In his device, Priore internally structured the carrier photons themselves, making them vacuum engines. This structure contained the dynamic delta for the disease. By introducing these spectrum to a giant rotating plasma he then phase conjugated his vacuum engines and then passed these time reversed vacuum engines down and through a strong magnetic field which thoroughly penetrated all cells of the biological organism being treated. The scalar components that are the structured photons representing the time reversal of the disease were absorbed and re-radiated in all cells, charging up the nuclei of the atoms and organisms to some potential level of that exact healing and reversing pattern.

In that way he passed a specific cancer reversal phase conjugate
