Dratzo! Your world is caught in an immense hidden struggle between the dark cabal and the Light. The Light has won many legal battles and gathered numerous powerful allies. These allies are now diligently completing a strategy that is to manifest your abundance. Prosperity funds are to signal the start of new governance. We ask that those who are to share in this prosperity learn to be good "watchdogs." Understand how power and wealth operate together and be prepared to assist in the carrying out of the various elements included in NESARA. NESARA is to develop into a program possessing true global capacity. As initial recipients, you need to understand the scope of actions required to make NESARA a great success. When the new governments formally announce us, we then need to begin a series of special announcements to prepare you for our arrival and explain your ancient origins from the stars. In addition, you need to know more about full consciousness and how you are to regain your special spiritual and physical faculties.

Your Ascended Masters are to explain how your limited consciousness realm was created and then manipulated first by the Anunnaki and finally by their appointed minions. You are now on the verge of freedom from the dark and need to clearly understand how this world is to be disassembled. This knowledge is to be imparted by the Ascended Masters. Each of them has a special gift that is to provide you with the full spectrum of how to unravel the maze forged by the Anunnaki after the fall of Atlantis. Sift through this knowledge carefully and understand how the dark wove the sinister web that is this present reality. Then use your abilities and resources to construct its successor. This realm of Light is to be the environment for your return to full or galactic consciousness. In this mode, you are once again a physical Angel. You are to be able to peruse your Akashic records and implement your life contract. You can then join us in providing divine service.

In addition, Gaia is finally able to reunite her surface and inner realms. You are to meet your Agarthan family and be ready to service not only Gaia, but also the other worlds that form this solar system. Indeed, you are to move most of your present population to the other planets that immediately surround you. The Elohim, as well as our planetary engineers, are to transform this collection of water planets back to their original pristine form. You are to become explorers and sustainers of the eco-systems that make up this truly amazing collection of water worlds. You are to learn much to be able to apply this to aiding each world's elementals in preserving the living ethos that is the joy of each of these living orbs. As you do this, you are to feel the greatest joys of being in service to the Sun and her 12 worlds. This service is to extend in assisting those who are bringing the former members of the Anchara Alliance to the Light. In doing this you are to start to apply the grand destiny foretold about you in the prophecies of Archangel Michael.

This present time is thus a moment before you can enter this now-forming new reality. We, along with your Ascended Masters, are carefully moving you along a path leading to your victory. The dark knows this and is using every excuse to maintain its current broad range of power. You are actually in the last portion of the old, dark reality that you have been in for the past 13 millennia. As we increase the daytime sightings of our ships and assist the various factions of the Light, it is becoming clear that the dark is acting like a dangerous plague. It is dying as the various remedies are successfully applied. Its numbers are dwindling. Its core is in panic as the outcome becomes more and more obvious. This procedure is something the dark never before encountered. As it is excised from you, be ready to do as we previously stated. Be ready to act positively to permit a new prosperity and new governance to take hold. We are coming, and together we are to literally alter this

realm for the Light.

We are your Ascended Masters! Namaste and Blessings to you all! Many wondrous events are happening on your world. View this as only the merest of beginnings. Decades ago the dark seized upon the rise of a "cold war" to wreak havoc and nearly steal your heavenly-sent gift of full consciousness. However, Heaven intervened and forced the Ancharans to leave this realm and permit the Light to beseech the earthly minions of the Anunnaki to let go of their steely grip upon you. This led to the present blessed victory of Light over dark. You are being blessed by events that are to bring you prosperity and new governance. We intend to say much about how this dark realm was forged and the remedies to keep us all basking in the Light, Love and Oneness that we give to each other! The truths are to set you free and allow you to return in joy to the state of galactic consciousness.

Full or galactic consciousness takes you off the wheel of death. It makes you responsible for your human family, and especially for yourself. You become a divine Being in sacred service to the Creator. You are to fully learn of the divine plan for this reality and how you can use your abilities to unfold it. We went through a difficult series of lifetimes that finally resulted in a special ceremony that made us divine. This ascension made us responsible for humanity and we accepted this gladly. Our duties include watching over you, giving special knowledge to aid and prepare you for a most glorious sacred gift. We had our earthly precursors train us in how best to carry out our special part. Together, we work to raise up humanity. You, blessed Ones, are now to receive gifts that ready you for full consciousness and allow you the means to alter this reality.

The events now underway are to greatly change the world you presently live in. Our numerous associates are determined to finish a great number of things. As each of these manifest, accept them and realize that a great prosperity is indeed your fate, as is governance that oversees in proper style all that is to come. Each of you is a powerful Being of Light. You have come from afar and are to assist humanity in this grand change. We intend to use our abilities to assure your success. Be ready to accept this and to inform others of what is happening and what lies ahead. This realm was the property of the dark and its minions for millennia. Get out of the habit of believing how the dark wishes to shape this world. The Light requires new thinking and mostly a great dose of Love and cooperation. Be true to your I Am Presence! Hallelujah!

Today, we went over what is happening on this great blue orb. Respect her and learn to accept the new technologies that are finally to see the light of day! These wonders are only the beginnings of what you are to become accustomed to. Be ready to receive us and to reunite with your spiritual and space families. Know, dear Ones, that the countless Supply and never-ending Prosperity of Heaven are indeed yours! So Be It! Selamat Gajun! Selamat Ja! (Sirian for Be One! and Be in Joy!)

Very informative, suggest to all truth seekers!!!!

The nurse from Area 51 that had long interviews with the surviving alien from the Roswell crash. The examination of alien from the part of authorities resulted in giving lessons about the Earth issue and history from the perspective of that alien to her/humanity.

67 years ago this alien revealed much of the fact of the Earth quarantine and of situation in this local logos invaded by dark forces at that time and of their technology keeping beings in slavery and oblivion by electronic forcefields, traps, amnesia and hypnosis machinery. He use the name "Old empire" for the archons.

Here video to have a short introduction in a subject:

**"You have found your strength and it is in working together as one human race."  
~ Montague Keen 9th March 2014**

**By Montague Keen Via Veronica Keen**

Our heartfelt thanks go out to all who participated in the removal of the dark energies from the Tor in Glastonbury, England. This inspired painting shows clearly the results of your efforts.

[Glastonbury Tor was painted by RENATA VAN RIJSOORT](#) in Holland. She states,

"Veils lifted, the passage is opened again. VISIBLE, PALPABLE, UNSTOPPABLE. GUIDANCE TO A NEW AVALON. Michael's energy resonates from the gate into the world to stand guard; no dark energy can ever make a claim again."

This is what can be achieved when all come together and work as one human race. This work must continue all over the world. You have proved that you can do it. All that is required is for you to take control and remove all that is dark and negative.

Many are waking up and are refusing to be cannon fodder in wars that benefit only the few who need such energy to survive. As the light spreads, it illuminates all that is false. Their propaganda is failing to convince the public who are now seeing these wars for what they really are.

It is important to make you aware of what is being done to so many of you. You need to understand that an outside force is being used to get into your minds in order to force you to do things you would otherwise never consider. Veronica was made aware of this when a friend, who is usually stable and responsible, stated that on two occasions recently, he was being mentally pushed to jump from one of the highest buildings in London. This has happened in the last few weeks.

On Monday last, it felt like a huge dark cloud descended on Veronica. Suddenly, she felt hopeless and abandoned; so very alone, like nothing she had ever experienced before. These feelings were so strong. The Dark Ones were trying to force her to give up. Everyone

she tried to contact was unavailable, so she felt abandoned. Her desperation became enormous; but ultimately, her determination to survive and complete the work brought her through it.

A few days later she was contacted by another colleague who was going through the same scenario. You need to understand that this is what is being directed at you, and though it is extremely painful, you do survive it. This will help you to understand why so many have given up recently. I did warn you that the cabal will use every weapon in its arsenal against you. They have had years to prepare for this time. You must make a stand and defend yourselves.

Money is a large factor in all this; it is being used to cause great stress to ensure that you are already in a weak state of mind when they transmit these suicidal thoughts. All this only goes to show you how afraid they are of you. They are desperate to prevent you completing your missions on Earth. I say to you: be strong and believe in yourselves. Soon, money will lose all its power over your lives. It is used as a weapon to keep you down and servile. When it loses its power, everything will change, and that day is drawing near.

You are now taking control of your own destiny and it feels good. You are learning to work together for the good of humanity. You are seeing those who advocate war, as puppets obeying orders. The big picture is becoming clear to you: the confident plans they had made are falling apart and they are being left NAKED ON THE WORLD'S STAGE. Give careful consideration to how you will deal with the situation when it finally falls apart. Never, ever, lower yourselves to their standards: for that would be playing into their hands and you do not want to do that.

You have found your strength and it is in working together as one human race. You have proved that you can do it. You did it with the Ley Lines Project. Everything else you will be asked to do in order to take things forward, will prove easy. You have taken control. Know that you will succeed. Work with confidence, aware that united you stand, divided you fall. You have learned also that language was no barrier to you working together. Our grateful thanks must go to all who translate the messages, for they are performing a most important role in bringing humanity together. Without their input this would not have been possible.

Be vigilant and learn to discern what is real and what is not. Be aware that you may be attacked by all sorts of viruses, mind-control etc, in an effort to prevent your awakening. Forewarned is forearmed ! You know what you are up against, and though they are undoubtedly powerful, you are the 99%. You have strength in numbers and in your awareness of what they are planning. Nothing can stop you now. Together, we will remove all that was dark and negative, and the wonderful thing about it is that you will not have to fire one shot in anger. It is our intention to help you create a peaceful environment where humanity will flourish, as it did once before. Be there for each other, always ready when the need arises.

My love, it has been a tough week. Because you are sensitive, you felt the pain that was inflicted on you, and the feeling of desperation and hopelessness. But in your soul, you knew you would survive to carry on the work you are on Earth to do. Remember, the Dark

Ones are fighting for their survival. They have many weapons at their disposal which they will not hesitate to use; but their time is up and they will fail. We have truth and light on our side. We know we will succeed. Both sides of life have come together for this, so we will not fail.

Take it easy, my dear. Try not to push yourself. You have been shown the outcome many times. You know what will happen. Everything is falling into place just as it should.

Always, your adoring, Monty.

## Goddess Vortex

### **Goddess Vortex**

**Posted by [Cobra](#) at [12:36 PM](#)**

Goddess Vortex is the ultimate technology of the Light forces which will finally dissolve the Matrix on the astral and etheric planes around our planet.

Goddess Vortex is a rainbow spiral of energy which encompasses all possible combinations of Light. It is a presence of an angelic being which transmutes all darkness into pure Light through an eight-dimensional stargate of the Antarian Conversion. It is a vortex of the presence of One which absorbs all anomaly of duality and ascends it into the One through the process of microtriangulation.

All Goddess Vortices create a network of Light on the etheric and astral planes which produces a morphogenetic field of Oneness that serves as an instrument of divine intervention on this planet. This network of Light will ultimately transmute all darkness on the astral and etheric plane and remove all negative entities **until the last reptilian is gone forever and all non-physical planes around Earth will become realms of Light.** This will set the right conditions for the Event.

Goddess Vortex is an Angelic Presence that goes through our bodies and anchors into the physical plane. You will be able to feel that Goddess Vortex in your body. Archons are allergic to Goddess energy. This is why the Catholic Church was suppressing women. The non-physical Archons are very allergic to this. Every time any woman or man channels that Goddess Vortex, thousands of reptilians are removed forever.

Here are the instructions to anchor the Goddess Vortex:

1. Lift your hands above your head and begin to rotate your body clockwise
2. While doing that, sing mantra iiiii (pronounced ee-ee) so that it vibrates throughout your body and visualize your body morphing into a brilliant pillar of Light, with millions of rainbow coloured stars scattered within that pillar of Light
3. Keep singing the mantra and rotating. After a few minutes, drop your hands close to your body and continue rotating clockwise
4. While doing that, start singing mantra eeeaaa so that it vibrates through your body and visualize a rainbow vortex of Light expanding from your heart outwards throughout the whole planet. Call upon the presence of your spiritual guides, Ascended masters, Pleiadians, angels, twin souls, soulmates, soul families and other beings of Light.
5. Keep singing the mantra and rotating and stay in the presence of all those beings of Light for a while.

You can activate the Goddess Vortex anytime you feel guided to do so and this will strengthen the planetary network of Light and accelerate the purification process of the non-physical planes that will ultimately lead to the Event.

**..the dark ones. On Earth they are the individuals who about ten years ago refused to honor their soul level agreements to join the light forces...” ~ Matthew 19 Jan 2013**

**By Matthew Through Suzanne Ward**

With loving greetings from all souls at this station, this is Matthew. Pondering and puzzlement are in some lightworkers' thoughts. Here you are almost three weeks into your year 2013; not only has nothing occurred in the way of substantial reforms, but there is talk of another war zone and a deadly hostage situation in Algeria, random violence continues and the plight of refugees grows. Don't those show that Earth still is in darkness?

We thought that our last message covered why your world cannot change as swiftly as some lightworkers had hoped or anticipated. However, the questioning thoughts let us see that in connecting the dots of information in many previous messages, we omitted this dot—the difference between the dark forces, darkness and dark ones.

**The dark forces, by far the most powerful, is a gigantic force field of negative thought forms that meanders throughout the universe looking for lesser evolved civilizations to enshroud in darkness. Although this vast field has the ability to manifest into whatever individual forms it envisions, it rarely does because its goal is to capture an entire civilization by enshrouding it in darkness.**

**Thus darkness is the dark forces' offspring, you could say, and it can be likened to a cloud cover that is so dense that the people feel lost in the miasma. And indeed they are lost insofar as conscious awareness of their beginnings, of their god and goddess selves and of their inseparable connection with the Supreme Ruler of this universe and all other life forms herein.**

**The dark ones are the individuals in an enshrouded civilization who have a**

**proclivity toward greed, cruelty and lust for power. The low vibrations of those tendencies form "cracks" in the psyche, and by the universal law of attraction, the cracks permit the entry of the matching negative thought forms that are the makeup of darkness.**

Henceforth darkness influences and ultimately controls those individuals' thoughts, intentions and actions. They become puppets of the darkness and carry out the dark forces' goal to enslave that civilization through tyranny, fear, deception, corruption and ignorance of truths about their beginnings in Creator, multiple lifetimes, the universal laws or the reality of other civilizations.

So where are those three dark sources now in relation to Earth?

The dark forces started moving away from your solar system after the infusion of light from far distant civilizations saved the life of your homeland planet seventy-some years ago. That force field left because light is anathema to its very existence—just as lighting a candle in a dark room pierces the darkness, so does the energy of love-light pierce the energy of whatever darkness is nearby.

Even though the dark forces left, its dense cloud of darkness remained on Earth, which the forces futilely had sought to capture for once and for all. Darkness continued to preclude spiritual and conscious awareness in the collective consciousness, and via the law of attraction, Earth's residents kept producing the negativity that almost killed the planet.

That changed when the intensive in-beaming of light started diffusing the density of the cloud and gave Earth the energy she needed to jar loose from the depths of third density and begin her ascension journey. Only in recent weeks were the last weak remnants of the cloud transmuted into light and the planet triumphantly passed through the doorway of fourth density.

So, now that Earth is in that density, how can it be that violence and unjustness still goes on? It is because the location of a planet is one kind of density and soul evolvment status of each of its residents is quite another. Mother, please insert the date of the message that explains the two densities. [September 9, 2011]

Thank you. For all that it may appear that the long-awaited December 21, 2012 was a fizzle because you saw no profound changes, the profusion of love-light that permeated your world during that time was a sight to behold!

That energy surge kept brightening the collective consciousness until it looked like the noonday sun, fulfilling Earth's heartfelt desire that at least most of her residents may accompany her along her ascension pathway. Many, many persons who formerly lacked the light that would enable them to go along with the planet are absorbing enough to do so at least for a while longer.

**Now we speak again about the dark ones. On Earth they are the individuals who about ten years ago refused to honor their soul level agreements to join the light forces after providing the masses the opportunity to complete third density karma. They continued to wreak havoc throughout your world by such means as**

**controlling governments and the global economy, releasing laboratory-designed viruses, manipulating weather and initiating earthquakes, starting wars or reigning over tyrannical regimes.**

During the in-pouring of love-light energy, those few individuals who still are among you absorbed little more light than they had, which is only the spark that is their life force. But it was enough extra for their bodies to physically survive in the first wisps of fourth density where Earth is at this moment. If they do not absorb more of the light's brilliance that will keep intensifying along the planet's ascension course, their bodies will not be viable much longer.

The majority who benefitted from the energy surge are "good people" who are greatly concerned about world affairs as depicted in your mainstream media and scary disinformation on the Internet. They have not yet "seen the light," to borrow your expression—they are living in godly ways but still are viewing your world at 3D level mentally and spiritually.

Others who still are "in the dark" in those respects are following authorities' orders; they haven't absorbed enough light to rise above their indoctrination to obey without question. Some have been inculcated with the belief that it is their responsibility to seek revenge for assaults on their ancestors, communities, countries.

Then there are those who are conflicted—they realize that what they are doing is against the common welfare, but they depend upon those sources of income to provide for their families.

Those various states of mind along with massive environmental damage are the natural "aftermath of millennia of darkness," as stated in our last message.

It remains to be seen how much light the aforementioned persons will be receptive to, what their free will choices will be, and the amount of light will determine how far each will be able to travel with the planet into successively higher vibrations. But please keep in mind what we have stated before: For a variety of reasons known only at soul level in most cases, many light-filled persons will choose to leave Earth rather than continue ascending physically.

Now we shall explain why we have often stated that in speed and scope, Earth's ascension out of deep third density is unprecedented in this universe.

With the exception of her experience, traversing that density where darkness is so deeply entrenched is an extraordinarily long, arduous trek. We cite another world's experience. Like Earth's ancient peoples, that civilization also descended from a higher density in spiritual and conscious awareness to the brink of planetary destruction due to the onset and continuation of warring. They did not have the aid of our universal family, and successive generations spent almost 50,000 years rising out of deep third density before they reached fourth. It took that long before there was sufficient light in the collective consciousness to lift the civilization and their planet into that higher density.

Mother, for readers who would like to know more about that civilization's history, physical

appearance, culture, government and so forth, please mention the book with the lengthy message from a representative of its current population. [“Aeschyles” chapter in Illuminations for a New Era].

Thank you. Earth and her life forms have had an unparalleled amount of help ever since ascension started in the late 1930s. It began with the lifesaving infusion of light from many powerful civilizations and has continued through the various means of help we have enumerated in previous messages.

Only a comparative handful of your populace knows about that assistance, but other accomplishments of the light are indeed evident. As it kept increasing on Earth, more and more of you generated your own light with greater forcefulness, and you lightworkers have made enormous strides in subduing the effects of darkness by exposing the dark ones’ activities.

To your great accomplishments that we have heralded previously we add the global spotlight you are shining on the need to uplift the status of women and to end the proliferation of weapons. These heavily negative aspects of your society that long have been dominant in the collective consciousness now are in the forefront of the public eye.

Generation after generation after generation tolerated unjust cultural laws and practices that demean women and accepted perpetual warring and violence as “that’s just life.” Now the voice of your society worldwide is saying Stop!

Light beings throughout this universe honor the myriad souls who agreed to participate in the multitude of tragic situations that have stirred the peoples to take bold steps forward in those two areas and all others where change so sorely has been needed. The souls who accepted those exceedingly harsh missions did so with unconditional love and they leapt forward in soul growth.

Just as you, we wish that all necessary changes could happen overnight. It will take many negotiators, many discussions and some logjams before all hearts and minds are in accord. The Golden Age master planners knew that you couldn’t transform your world any way other than step by step, and at soul level you and everyone else on Earth knows this too.

Even with extraterrestrial aid, a third density civilization evolving into a peaceful peoples living in harmony with Nature is a transitional process. All along our messages and answers to readers who questioned this have been the same—changes will come incrementally.

The following excerpt from the June 2, 2007 message recently was emailed to my mother by a new reader who “just happened to see this.” He also wrote that this information should be in more messages, we shouldn’t expect people to remember what is in the old ones.

“Is 2012 the end of Earth’s ascension and completion of all transitional phases into the Golden Age?”

All darkness will have been transmuted and Earth’s and individuals’ balance attained, but it is not correct that after the year 2012 everything achieved up to that time will remain

unchanged henceforth. Remember, the only constant in the universe IS change. Spiritual and intellectual growth and technological progress will continue—you wouldn't want it any other way!

Our beloved Earth family, never have we expected you to remember all of the information we have offered! Not only are your days filled with a wide range of responsibilities to think about, but linear time is passing faster and faster. That is why so often we have repeated what is essential for you to know, and it has included that the glories of the Golden Age are not all sitting on its doorstep and that one day will not differ dramatically from the day before and the day following.

To avoid any possibility of misinterpretation, we say that we could have been more exacting about "balance attained" in that June 2007 message. Although the preceding material was in the context of third density conditions, we could have specified that balance will be attained so that Earth and her residents can ascend out of third density. As microcosms of the universe, which always is in a balancing mode, you too will continue balancing as your spiritual and conscious awareness keeps expanding.

What was awaiting you on the doorstep of the Golden Age is the effect of the energy surge during the December solstice that transmuted the last of the darkness into light. This new abundance of light is increasing the momentum in Earth's energy field of potential toward manifestation of marvels you and your universal family will be co-creating along Earth's journey through fourth density and on to her destination in fifth.

We don't know how long it will be before Earth is joyfully back home where the planet and its soul, Gaia, originated. It is logical to ask, since we knew when the planet would exit third density, why don't we know when it will reach its destination?

Earth's ascension to this point was predestined so she would reach the narrow celestial window when the planetary alignment would enable her to enter fourth density. Now that she is in this density, where darkness cannot assault her with its negativity, her journey henceforth is within a safe harbor, so to say, where are no "time" constrictions.

Just as before—always!—her residents' journeys depends upon the choices each makes, and the cumulative choices make up the collective consciousness. So, it is your thoughts, passionate feelings and actions that will set Earth's pace from now on. Whether that is happily humming through fourth density or soaring like an eagle, Gaia is jubilant—the exceptionally difficult leg of the ascension is over!

You, too, can feel jubilant—your steadfastness in the light added immeasurably to this stunning achievement. Although in linear time you will continue to progress toward your goal of a loving, harmonious and healthy world with abundance for all, in the continuum you already are victorious. When you have full understanding of how unique this achievement is, you will know that if ever souls could declare "job well done," it is you lightworkers!

We hold you in honor and unconditional love as we continue accompanying you, albeit unseen, every step of the way.

LOVE and PEACE

Suzanne Ward
