Adobe Portable Document Format Version of  
**Some documents related to Lawsuit between the United States of  
America, Defendant, and Betty Cash, Vicki Landrum, and  
Colby Landrum Plaintiffs**

PDF version created and posted 10-June-2002.

This .PDF file contains some of the documents which were released to us by the US Air Force in July, 1993. The documents in this file are related in some way to the lawsuit filed by Peter Gersten on behalf of the three witnesses, filed in the Southern District Federal Court.

Also see these related files available on CUFON: [Transcript](#) of interview conducted at the Bergstrom Air Force Base Law Library Building 2102, 17 August 1981, between Betty Cash, Vicki Landrum, Colby Landrum and representatives of the United States Air Force in the persons of Captain John Camp, Acting Staff Judge Advocate, Captain Terry Davis, Claims Officer, and Miss Pat Wolf, Assistant Claims Officer. And a [.PDF file](#) of assorted documents related to the claims for damages submitted by Betty, Vickie and Colby.

The Cash - Landrum case is undisputedly one of the classic UFO sighting/physical trace cases. It's importance comes from its dramatic nature and because of the traces left behind by the unknown object in the form of negative effects, (apparently from radiation) on the three witnesses and their car. SOMETHING real caused the terrible effects. And it is sure that Betty, Vickie and Colby's suffering was real. Also important also is the witnesses' report of many military helicopters in the immediate vicinity of the unknown object and the official denials of any government knowledge of the incident.

We note with sadness the passing of Betty Cash, a brave lady. Betty suffered illness after illness causing repeated hospitalization following the UFO encounter, eventually developing cancer. She suffered a stroke in 1998 and passed December 29, 2001.

CIVIL ACTION NO. H-84-348

MORE DEFINITE STATEMENT

PURSUANT to the Order of this Court dated the 26th day of March, 1984, plaintiffs, through their attorney, PETER A. GERSTEN, hereby set forth a more definite statement of the allegations in the instant action:

1. The "experimental aerial device" referred to in paragraph 3, 5 and 6 of plaintiffs' complaint, and the "unconventional aerial object," the "aerial object," and the "object," all referred to in paragraph 4 of plaintiffs' complaint, are all one and the same, and hereinafter will be referred to as the "UFO."

2. On information and belief supplied by the plaintiffs, the UFO appeared to be extremely bright, had red and orange flames emanating from its bottom, and was surrounded by a glow. Plaintiff BETTY CASH could not discern any distinct shape. To plaintiff VICKI LANDRUM the UFO appeared to be oblong with a rounded top and a point at the bottom. To plaintiff COLBY LANDRUM the UFO appeared to be diamond-shaped. Furthermore, when plaintiffs came within 133 ft. of the UFO, they experienced intense heat. The UFO, which now appeared to hover approximately

60-to-80 ft. above the roadway, was the size of a standard city water tank. Lastly, plaintiffs heard a beep-beep sound when in the presence of the UFO.

3. See paragraph "2."

4. Plaintiffs did not observe any markings, numbers, symbols, logos, or other designators on the UFO.

5. See paragraph "2." There were no other sounds, smells, visual aspects, or other sensory observations concerning the UFO.
