THE PRISM OF LYRA: An Exploration of Human Galactic Heritage suggests that a collective humanoid consciousness (or soul) may have created our universe for very specific purposes. But what were those purposes, and who was involved?

"The Prism of Lyra is exceptionally unique, intellectually thought-provoking, and a most necessary road map toward understanding our purpose on this planet. There really is no other book that has this information pieced together in such a clear fashion."

LYSSA ROYAL

was born and raised in New England. While getting her B.A. in psychology, she developed an interest in hypnosis and learned to place herself in altered states of consciousness for the purpose of stress management.

In 1979, Lyssa and her family witnessed an extraordinary UFO sighting near their home in New Hampshire. This experience triggered an acute interest in extraterrestrial phenomena, which propelled her into an in-depth study of the nature of extraterrestrial consciousness using her channeling and intuitive abilities.

Lyssa has been channeling professionally since 1985. She has appeared on national and international television and radio programs such as the Today Show, USA Magazine, KNBC-TV, KCOP-TV, KGIL-FM, and GLOBO-TV of Brazil. She has also been featured in a number of magazines and publications, including *Connecting Link* and *Emergence: A Journal for the Golden Age*. She is a co-author of *The Prism of Lyra: An Exploration of Human Galactic Heritage*, published by Royal Priest Research.

Lyssa travels extensively throughout the world, lecturing and channeling before thousands. Though she works most often with extraterrestrial information, the practical application of what she channels and teaches is her highest priority.

For more information on her work, contact Royal Priest Research, P.O. Box 12626, Scottsdale, Arizona 85267.
